Re: Information session of the CBIA on the Basic Health Insurance

Dear sir/madam,

As you are probably well aware, the Curaçao government has introduced extensive reforms on the area of health insurance. Many stakeholders, amongst which the CBIA, follow these developments closely. Meanwhile, it has become apparent that the current legislation brings about far-reaching implications for both the freedom of choice of the residents as well as the sustainability of the public health financing system.

The CBIA considers it necessary to host an informative session where the various stakeholders are brought up to date with the developments in this area and can exchange their visions and perspectives. In this manner, the CBIA aims to form a substantiated and representative proposition for the delivery of a constructive input to the Ministry of Health, Environment and Nature which is responsible for the repair law.

Date: Thursday, May 16th

Time: 16-18

Location: Dammers Building, next to the Fatum building, Flamboyanweg.

The program is as follows:

- *Legal framework of the reform*
- *Implications for the residents and for the insurance companies*
- *Actions undertaken by the CBIA*
- *Repair law*
- *Exchange of visions and perspectives*

Delegates of the SVB, the Directorate of Taxes and the Ministry of Healthcare will also be present.

Please let us know who will attend this session on behalf of your company. We look forward to receiving your confirmation.

Please register with:

Mrs. Mytzi Martina tel. 777 7305, email: martina.mytzi@fatum.com

Johan Liew tel. 461 1210, email: info@vbcuracao.com

Dennis Arrindell tel. 777 7312, email: arrindell.dennis@fatum.com

We hope to welcome you on Thursday afternoon, May 16th.

Yours sincerely,

A handwritten signature in blue ink that reads "RM Joe". The signature is written in a cursive style and is underlined with a single horizontal line.

Mrs. Richeline Martina-Joe, Chairwoman CBLA
